Cake Flavors

White - with a hint of Almond.

Marble - The same white cake with just enough chocolate to make everyone happy!

Chocolate - Not too rich, not too subtle, but pleases every pallet.

Chantilly - This cake is created with two layers of moist sponge cake surrounding a thick layer of Chantilly filling and iced in non-dairy whipped topping.

Strawberry - tastes like a fresh strawberry shortcake

Raspberry- made with fresh raspberries to add just enough tartness.

Lemon- a very soft and refreshing cake

Pink Champagne - Three layers of a yellow chiffon cake (similar to a eggy angle food) with two layers of our pink champagne filling all iced with a buttercream frosting. A traditional favorite.

Carrot - A great tasting carrot cake with carrots, pecans, coconut and pineapple; iced in our homemade cream cheese frosting.

Bailey's Irish Cream Cake - This one of our signature cakes. It is 4 layers of our made from scratch chocolate cake brushed with Bailey's Irish Cream. Each layer is topped with a chocolate fudge layer and a French buttercream layer. The layers are assembled together and then iced with a non-dairy whipped topping and chocolate cake crumbs.
YUM!
